WORK EXPERIENCE

Software Development

Nairobi, Kenya

Full Stack Web Developer

- Engineered scalable web and mobile applications utilizing front-end frameworks and backend architectures, resulting in a 35% reduction in page load times and enhanced overall system responsiveness for millions of users.
- Integrated secure payment gateways including M-PESA, PayPal, and Mastercard APIs into multi-platform applications, ensuring compliance with security standards and facilitating seamless transactions for over 1 million users monthly.
- Developed data-driven features and analytical models within applications through RESTful API design, leading to a 40% increase in community enrollment by delivering personalized user experiences grounded in advanced coding techniques.

EDUCATION

Modcom Institute of Technology

Nairobi

Full-stack Software Development

Graduation Date: May 2025

UTUMISHI BOYS ACADEMY

High School

GILGIL, NAKURU

Graduation Date: Nov 2024

HGM VITALE PRIMARY SCHOOL

KCPE certificate

Kathonzweni, Makueni

Graduation Date: Mar 2021

UNIVERSITY OF NAIROBI

BACHELOR OF SCIENCE IN DATA SCIENCE

Nairobi, Kenya

PROJECT EXPERIENCE

MODCOM INSTITUTE OF TECHNOLOGY

Nairobi, Kenya

COMMUNITY SERVICE APP

- Developed a dynamic web platform that facilitated over 10,000 community connections within the first year, increasing volunteer sign-ups by 40% and expanding local initiatives across 50+ neighborhoods.

SWEET DELIGHTS BAKERY

Start Date - Finish Date

- Built and launched an end-to-end e-commerce platform for bakeries (React — Bootstrap, animate.css, Bootstrap Icons; Flask + PyMySQL) with product catalog, advanced search/filters, shopping cart, role-based auth and secure Stripe/PayPal checkout; shipped an admin/ops suite (real-time inventory, order lifecycle, promo engine, image uploads), automated email/SMS notifications and delivery routing; productionized with Docker + CI/CD, unit & end-to-end tests, and analytics — delivered streamlined fulfillment and growth tooling after leading product discovery with partner bakeries to improve conversion and AOV.

SKILLS & INTERESTS

Skills: HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, ReactJS, Next.js, TypeScript, Python, Flask, MySQL, MongoDB, Android Application Development (Kotlin), Data Science and Analysis, RESTful API design, Payment Integrations (M-PESA, PayPal, Mastercard APIs), Secure-by-design practices, Efficient architecture
